UML : Wireframes and activity diagram :

Wireframes :

Home wireframe (Raphael) :

A wireframe for a home page. The layout includes a header with a logo, navigation links, and sign/login buttons. A large hero section contains a catchphrase, search filters, and a search button. Below is a 'Recent properties' section with three property cards. This is followed by a 'Properties by city' section with four city cards. The footer contains a contact form, a list of links, and social media icons.
